Returns are quoted in US Dollar. Returns greater than a year have been annualised. Returns prior to launch date are simulated and are based on the underlying funds at the initial weightings. Returns are net of OCF. The average weighted Ongoing Charges Figure (OCF) is merely an indication as the underlying fund weightings vary daily and share classes may differ from one platform to another. OCF excludes the Discretionary Management fee, Financial Advisor and Platform fees. Underlying asset allocations are lagged by one month. Share classes may differ depending on the platform the portfolio is loaded onto.
